PROFESSIONAL SUMMARY

B.Tech graduate in Artificial Intelligence and Data Science with hands-on experience in Java-based full-stack development. Skilled in Java, Object-Oriented Programming, and Data Structures, with practical experience building REST APIs and backend systems using JDBC and MySQL. Proficient in developing responsive front-end interfaces using HTML5, CSS3, and JavaScript. Strong problem-solving ability, quick learner, and passionate about writing clean, efficient, and scalable code.

EDUCATION

NPR College of Engineering and Technology, Natham 2022 - 2026
B.Tech - Artificial Intelligence & Data Science

Noyes Matriculation Hr.Sec School 2020 - 2022
Higher Secondary Certificate (HSC)

PROJECTS

Food Ordering System – Full-Stack Java Web Application

- Developed a full-stack food ordering web application using Java Servlets and JDBC, deployed on Apache Tomcat to handle customer requests and business logic.
- Designed relational schemas in MySQL and implemented secure CRUD operations using JDBC PreparedStatement for menu, category, and order data.
- Implemented session-based customer authentication, shopping cart management, and a complete checkout flow with order placement and order history tracking.
- Built an admin dashboard for managing food items, categories, and order status, and integrated transaction handling for reliable order processing.

TECHNICAL SKILLS

- **Programming:** Java, Object-Oriented Programming (OOP), Design Patterns
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Backend:** JDBC, Java Servlets
- **Tools:** VS Code, GitHub, Apache Tomcat

CERTIFICATIONS & INTERNSHIPS

- Completed a 1-month internship at Unified Mentor Pvt. Ltd., focused on Python programming and foundational concepts in Artificial Intelligence.

Java Full Stack Intern – Tap Academy
Bengaluru, Karnataka | May 2026 – Present

- Developing backend modules using Java, JDBC, MySQL, and REST APIs while contributing to full-stack application development.
- Gaining hands-on experience in full-stack development, including frontend, backend, and database integration.

SOFT SKILLS

Leadership | Collaboration | Time Management | Clear Communication | Adaptability
