EDUCATION

NPR college of engineering & technology

B.tech Artificial intelligence & Data Science

Noyes Matriculation Hr.sec school

Higher secondary certificate(HSC)

TECHNICAL SKILLS

- Python Programming
- Java Programming
- C & C++programming

SOFT SKILLS

- Leadership
- Collaboration
- Time Management
- Clear Communication

LANGUAGES

- Tamil
- English

PROFILE SUMMARY

I am Prasanth, a final-year B.Tech student specializing in Artificial Intelligence and Data Science. I have a strong foundation in machine learning, data analysis, and programming, with hands-on experience in Python and Java. Passionate about developing AI-driven solutions to real-world problems and staying updated with emerging technologies.

PROJECTS

Nutri smart

Developed a Nutri Smart Nutrition Management System that assists users in maintaining healthy eating habits by offering meal logging, personalized diet plans, recipe suggestions, and a shopping module, implemented using Python (Tkinter) for the user interface and MySQL for data storage to support effective nutrition planning.

AWARDS & CERTIFICATIONS

- Completed a 1-month internship at Unified Mentor Pvt. on Python programming.
- Achieved a top 10 finish in the college hackathon.
- Successfully finished an internship program centered around Python programming and introductory concepts in artificial intelligence.
